## SUMMARY REPORT OF COMPULSORY BASIC COMPUTER EDUCATION FOR ALL (CBCEA) CERTIFICATE COURSE:

**Introduction:** Compulsory Basic Computer Education for All (CBCEA) is a certificate course that was introduced in 2013 by the decision of the Governing Body of Haji Anfar Ali College. It is a mandatory course for all students during an academic session, spanning three years and divided into six semesters.

**Course Structure:** The CBCEA course is designed to be completed over three academic years, with each year consisting of two semesters. In each academic session, the course is taught three times with different modules. The course schedule for each student is as follows: in the first academic session, students are taught in the 1st semester, 3rd semester, and 5th semester. In the following academic session, the same students' progress to the 2nd semester, 4th semester, and 6th semester, respectively.

**Objectives:** The primary objective of CBCEA is to equip students of the college with essential computer application skills, enabling them to be self-sufficient and knowledgeable in today's digital world. By providing comprehensive computer education, the course aims to ensure that all students possess a fundamental understanding of computer hardware, software, computer operations, and word processing.

### Module Structure:

**1<sup>st</sup> Year:** Fundamentals of Computers, Operating System with Windows 8/10, Microsoft Office Word 2016/2019, Microsoft Office PowerPoint 2016/2019, Microsoft Office Excel 2016/2019.

**2<sup>nd</sup> Year:** Internet & E-mail, Introduction to E-Commerce, Web Page Designing (HTML, XML), Data Entry Operating, Microsoft Office Access 2016/2019.

**3<sup>rd</sup> Year:** Regional Language Typing, Microsoft Outlook 2016/2019, Tally. ERP 9 Part-I, Tally. ERP 9 Part-II, Tally. ERP 9 Part- III.

**Course Outcomes:** The CBCEA course is structured to achieve specific learning outcomes over the three-year duration:

**1st Year:** During the first year, students will gain an understanding of the basics of computers, including hardware and software components. They will also be introduced to computer operations and become proficient in word processing, preparing presentation and electronic spreadsheet.

**2nd Year:** In the second year, students will delve into computer communication and learn about internet browsing, basic ideas of access and operating commercial website, creating homepage, webpage, creating and manipulating databases. This will equip them with the necessary skills to navigate the digital landscape effectively.

**3rd Year:** The third year of the CBCEA course focuses on more advanced topics, such as financial accountancy with inventory management and taxation, basic ideas of regional language typing, personal information management with Microsoft Outlook. These skills are

essential for students' professional development and will prepare them for real-world scenarios where computer-based accounting and inventory management are vital.

**Conclusion:** The Compulsory Basic Computer Education for All (CBCEA) Certificate Course introduced in 2013 by the Governing Body of HAAC is a well-structured and comprehensive program. By covering a wide range of computer-related topics over three years, it ensures that all students of the college are well-versed in computer applications, enabling them to be competent and confident in today's technology-driven world. The course's implementation in different modules over two academic sessions allows for thorough learning and practical application of the acquired knowledge.
